PREFACE.

In presenting the Thirtieth Annual Edition of the City of Hamilton Directory, I thank the business men and patrons of the Directory generally for the very liberal and enthusiastic support they have given me and for the substantial increase in advertising. As my last edition proved very satisfactory, I am quite confident that the present volume will be still more so, it containing more information, and no expense, time or labor being spared to make it most accurate.

In the Miscellaneous Directory will be found the names of the new officers of the various societies, etc., and the City Council and School Trustees for 1903. In due time my canvassers will call on you for the renewal of your patronage.

Wishing my subscribers a prosperous year, I remain, Respectfully yours,

HENRY VERNON.

THE

North American Life Assurance Co.

A Clergyman expresses satisfaction at the result of his matured investment Policy.

WM. McCABE, ESQ., LL. B., F. I. A.,

Man. Director, North American Life Ass'ce Co'y, Toronto, Canada.

DEAR SIR:

TWENTY years ago I wisely effected an assurance for \$5,000 with your Company on the Twenty Payment Life Plan with a twenty year profit period. When the time expired I received promptly the cheque for the option selected in settlement of my policy.

This option was to surrender the policy for its entire cash value of \$3,746.75, but the other options, such as obtaining a Paid-up policy for \$7,675.00, were equally attractive. The result I consider an extremely good one, and reflects great credit on the able management of the Company. On comparing it with the results under similar policies in some other leading Companies I find that it is quite favorable to your Company, which speaks well for Canadian financial institutions.

Look at the matter from another standpoint. I understand that the actual net cost of carrying the risk on my life was \$49.05 annually (exclusive of expenses), which deducted from the premium paid by me of \$145.25 leaves a balance of \$96.20 for investment. If this amount had been invested annually at 6 per cent. compound interest, it would at the end of the twenty years have amounted to just about the return made under my policy. Therefore I received my insurance at the actual cost (cheaper than I could have procured it in any Assessment Society), and had the balance of my money returned to me at 6% compound interest, a very creditable result.

With best wishes for the future of your Company, which in my opinion is truly as "Solid as the Continent."

Yours truly,

(REV.) THOS. W. CAMPBELL.
